

Circular economy in flexpack

Information

Description: The circular economy is not only a mega-trend in the packaging industry. In Europe, forces from many different industries are currently being bundled. Prompted by governments' sustainability efforts, associations are campaigning for genuine circular concepts, as are retailers and brand owners. We will discuss the European differences and possible solutions for the flexpack industry as well as your suppliers and customers.

Target group: Decision-makers along the flexpack supply chain and anyone who wants to find out more about flexible packaging
